The Struggle for Human Rights, The Public Awareness And The Community Programs

FIHRM
Liverpool, UK
September 15, 2010
“Museums today are required to participate, together with other institutions in seeking solutions to problems faced by societies in which they are embedded.”
This museum is an educational tool about the legacy of the Dominican people to present and future generations of the world in its formation and consolidation of a society based on culture of peace, tolerance, non-discrimination, truth, justice and respect human rights.
